Talk to a family member about their favorite childhood memories of the outdoors		
Find out about careers that involve outdoor recreation, restoration, etc.		
Swim in an ocean		
Camp at a campground		
Learn about spiders		
Ride a skateboard/bike/rollerblades outside		

From October 1 to June 1, complete as many activities as possible from the list above. Complete at least 10 activities from your grade level (two can be from a younger grade level) and 30 activities from the all ages list, and you'll earn the Get Outdoors Challenge patch for your age level!

Many activities can be completed at the same time. For example, a Brownie can hike a half-mile (grade-level activity) to an overlook (all ages activity) to watch the sunset (all ages activity), and she's completed three activities at once and can check off all three. See, this is easier than you think!

Girls can also substitute two activities from a younger grade level to count toward their grade level activity requirements. For example, an Ambassador can go stand up paddle-boarding, even though that activity is listed under a younger grade levels (Cadette). Or, she can help some younger girls work on an activity for their grade level, and the Ambassador can still count it towards her checklist.
