

## Checking the Status of your Service Bar Application and/or Final Report

**Please note that it takes 6-10 business days for all Service Bar Applications and Final Reports to be approved. We will only email you about your application/final report IF there is an issue that needs to be corrected before approval!**

1) Log into your Smarter Select account on [www.smarterselect.com](http://www.smarterselect.com).

2) Under your applications, decide which you would like to check for approval. Click on that Service Bar Application or Final Report under *My Applications*. **NOTE: The status listed on this screen is not the finalized status of your application, but only tells you if you completed the application on your end!**

### My Applications

Search 1 - 6 of 6
