

Logging in to MY GS

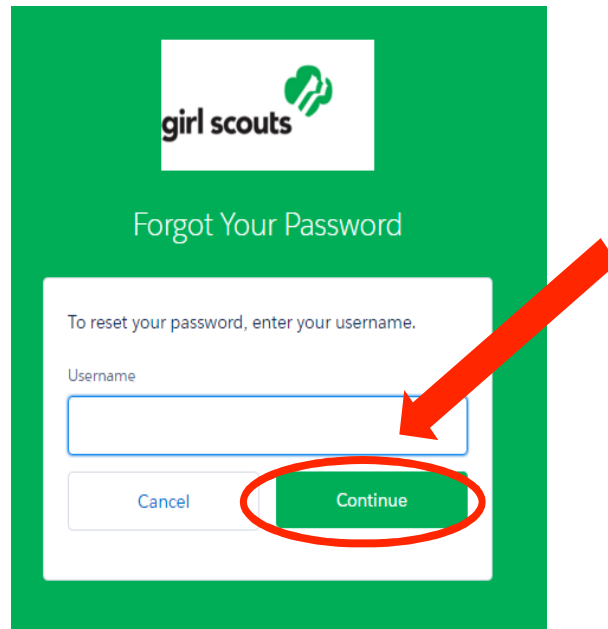

1. Open your Internet browser. We recommend using Firefox or Chrome. If you're on Internet Explorer, anything after Version 9 works best. Go to www.gsep.org. Click on MY GS and then Member Profile.

2. Log in using your Girl Scout email address as your username. Please note that your password may need to be reset. If you can't remember your password, click the "Forgot your password?" link.

3. If you forgot your password, you will be prompted to enter your username. This is the email address on record with GSEP. If this information has changed since the last time you visited our site, please email memberservices@gsep.org so we can update your information for you. Click "Continue."

4. You should receive an email called "Your New Member Community password" very soon. It contains a link that you will click to create a new password. If you don't receive this email, please reach out to our Member Services team by emailing memberservices@gsep.org and they can prompt another email to be sent to you.
