To-Do List

This is YOUR To-Do List. Each of your team members will have different tasks to complete. Although a few tasks may overlap with your team members, this To-Do list should include the tasks that YOU are leading and completing.

You can work with your team to develop each girl's To-Do List. Girl can only count the hours they will spend on the project (not others working with you). If you're not actively doing a task, do not list it!

Make a plan and develop a project To-Do List from start to finish. What steps do you need to take to reach your goal? Be sure to list each task involved, in chronological order.

TASK What needs to be done to reach your goal?	HOW WILL YOU ACCOMPLISH THIS TASK How will you do it? What supplies will you need?	TIME How much time will this task take?	WHO Who on your team will be working with you?	COMPLETION When will it be done? When do you expect to complete the task?

Build Your Volunteer Team

Now is the time to add others to your project team. These are NOT your Community Partners, but are the volunteers you'll be personally leading to achieve your goal! Do NOT include Girl Scout Cadettes who are part of your Small Team. Your personal project team members must be DIFFERENT than the team members of the other Cadettes who are on your small team.

They can be Girl Scouts, but they don't need to be. Examples include girls in your troop, classmates, a neighbor, a teacher. They should be people BEYOND your family members. Be sure to include them on your To-Do List. At least two people should be listed.
