IMPORTANT INFORMATION

Important Notes about Horseback Riding and Hiking

HORSEBACK RIDING

All girls are put into riding lessons based on their individual riding abilities. A Horseback Riding Questionnaire will be included with your Camp Confirmation Packet to help us determine your skill level. If we have questions about a camper's skill level she will be given a riding test to help us place her in the appropriate riding group. Please note that safety is our first concern with all of our programs but we are especially conscious of this in our Horseback Riding Programs. We will provide the girls with approved helmets but we do not provide foot wear. All participants must come to camp with the appropriate foot wear. Flat soled tennis shoes are not acceptable. Girls without the appropriate foot wear will not be able to ride. If you have any questions please contact the Camp Director.

Some of our programs are aimed towards the rider with a little more experience.
