Troop Trip Approval Process

What is a trip?
A trip is defined in Volunteer Essentials as any activity outside of your regular troop meeting time and/or place. All trips require the leader to obtain permission slips and health history forms from parents. Additionally, leaders are required to notify their Service Unit and/or GSEP by completing a trip application.

Safety Activity Checkpoints: Safety Activity Checkpoints (SAC) is a resource that provides safety standards and guidelines for Girl Scouts of the United States of America (GSUSA)–approved activities. GSEP may have restrictions beyond GSUSA. please refer to the website as you make your trip plans. http://www.gsep.org/en/for-volunteers/volunteer-resources.html

Understanding which activities are not allowed: In an exciting, learning-by-doing environment like Girl Scouting, it’s only natural that girls will sometimes want to take part in activities not covered in Safety Activity Checkpoints. Safety Activity Checkpoints is your go-to source for permissible activities. See High Risk Activities on page 19 for more details.

Forms: The type of activity will determine the form(s) required and deadline for submission. A complete list of forms frequently used in trip and overnight planning can be found in the Resources & Forms section on page 23 of this guide.

Prior to filling out your application, ensure that:

- All girl members and troop leaders are registered and cleared with the Girl Scouts of Eastern Pennsylvania.
- Adults participating in trip understand the purpose of the trip, health and safety requirements, and their role in the girl/adult partnership.
- The cost of the trip is feasible for the troop and manageable for each individual troop member.
- The trip is appropriate for your program level - i.e. consider length of time, distance, activities, and readiness of troop members.
- Adequate adult coverage is in compliance with Girl Scouts of the USA and Girl Scouts of Eastern Pennsylvania’s Safety Activity Checkpoints.
- Trip plans were shared with all parents/guardians.
- You know where to send trip applications for approval.

Policy Note: While the troop leader(s) does not have to attend every troop trip, all trips must be approved by the troop leader. If the troop leader is not going on the trip, one of the registered and cleared adults in attendance must take Step 2 of New Leader Training prior to the trip being approved.
GSUSA Leadership Outcomes

5 Ways Girl Scouts Builds Girl Leaders

Girl Scouts' mission is to build girls of courage, confidence, and character, who make the world a better place. Since 1912, girls have explored new fields of knowledge, learned valuable skills, and developed strong core values through Girl Scouts. Today Girl Scouts is, as it always has been, the organization best positioned to help girls develop important leadership skills they need to become successful adults.

At Girl Scouts, guided by supportive adults and peers, girls develop their leadership potential through age-appropriate activities that enable them to discover their values, skills, and the world around them; connect with others in a multicultural environment; and take action to make a difference in their world. These activities are designed to be girl led, cooperative, and hands-on—processes that create high-quality experiences conducive to learning.

When girls participate in Girl Scouts, they benefit in 5 important ways:

1. **STRONG SENSE OF SELF**
   Girls have confidence in themselves and their abilities, and form positive identities.

2. **POSITIVE VALUES**
   Girls act ethically, honestly, and responsibly, and show concern for others.

3. **CHALLENGE SEEKING**
   Girls take appropriate risks, try things even if they might fail, and learn from mistakes.

4. **HEALTHY RELATIONSHIPS**
   Girls develop and maintain healthy relationships by communicating their feelings directly and resolving conflicts constructively.

5. **COMMUNITY PROBLEM SOLVING**
   Girls desire to contribute to the world in purposeful and meaningful ways, learn how to identify problems in the community, and create "action plans" to solve them.
UNIT 1: Progression, Planning, and Evaluation
Progression

Progression is an important aspect of the Girl Scout Leadership Experience. As a Girl Scout leader, you should plan to integrate progression into your troop year.

Progression in Girl Scouts is the continuing development of girls and adults. As you plan your troop year with your girls, you should build on skills already learned, and progress toward further development of those skills. The goal of progression is to ensure that each girl is ready for the group activity, and that the girls gradually develop the skills and self-confidence needed to complete the activity. A gradual development of skills will build confidence and self-esteem in the girls. When done properly, the girls will have increased abilities to plan their year with you as represented in the chart below.

<td>Girl’s Involvement in Planning</td>
<td></td>
</tr>
</tbody>
</table>

**Progression by Grade Level**

**Girl Scout Daisy**—Brainstorm ideas in the Daisy circle and vote on one to do.

**Girl Scout Brownie**—Discuss activities they want to do, narrow down the list, and vote on one. Then ask girls for suggestions on where they can do that activity.

**Girl Scout Junior**—Decide where to go and what to do. Plan portions of the trip in patrols. Leaders advise as needed to help girls keep ideas realistic and age appropriate.

**Girl Scout Cadette**—Participate in trips of three days of longer, where almost all of the planning is done by the girls. Start combining experiences like camping with exploration and travel. Begin to share experiences with others.

**Girl Scout Senior and Ambassador**—Participate in extensive travel opportunities where all the planning is done by the girls. Share experiences and expertise with younger or in-experienced groups.
Outdoor Progression

Progression allows girls to learn the skills they need to become competent in the outdoors, including how to plan and organize outdoor activities. Acknowledge a girl’s mastery of an outdoor skill and invite her to challenge herself further by taking that next step up and out! Outdoor fun can be endless when girls lead.

LEAVE NO TRACE PRINCIPLES:
- Plan Ahead & Prepare
- Leave What You Find
- Respect Wildlife
- Minimize Campfire Impacts
- Dispose of Waste Properly
- Travel & Camp on Durable Surfaces
- Be Considerate of Other Visitors
Progression of Trips

Here are some recommended examples of progression while planning trips, from Girl Scouting’s Ladder of Leadership:

**Meeting Time Trips** *(Daisies and older)—*Travel to points of interest in your troop’s neighborhood. Examples include a walk to a nearby park, or short ride by car to a fire station or courthouse.

**Day Trips** *(Daisies and older)—*Go on daytime excursions away from the group’s meeting place and outside their regular meeting time. This could be an all-day trip to a point of historical or natural interest where they bring their own lunch or a trip to a neighboring city where they make plans for a meal in a restaurant.

**Simple Overnight Trips** *(Daisies and older)—*Spend one to three nights away. The destination may be a nearby state park, historical site or city for sightseeing. The group stays in a hostel, hotel, motel or campground. For younger girls (Brownies), the trip could include family members like a Mom and Me overnight.

**Extended Overnight Trips** *(Juniors and older)—*Spend five or more nights away. Trips range from a week at camp to extended travel in the continental United States. The group might use several accommodations and modes of transportation throughout the trip.

**National Trips** *(Cadettes and older)—*Travel anywhere in the country, often lasting a week or more. Try to steer clear of trips girls might take with their families and consider those that offer some educational component—this often means no Disney and no cruises, but can incorporate some incredible cities, historic sites, and museums around the country.

**Destination Trips** *(Seniors and older)—*Travel individually through GSUSA sanctioned events with many trip options that take place at the state, national or international level.

**International Trips** *(Seniors and older)—*Experience travelling outside the country. This type of trip is most successful with girls who are 14 years or older and have successfully completed extended overnight trips. These trips are subject to special requirements including regulations and procedures from the World Association of Girl Guides and Girl Scouts (WAGGGS). For more information on international travel, please see page 26 in the resource section of this manual.
Is Your Troop Ready for an Overnight Trip?

Girls will enjoy their trip experiences best if they have previous experiences to prepare them. Taking a group of girls on a trip with no preparation is likely to lead to frustration and confusion on the part of both girls and adults. The experience of each girl and how ready she is for an overnight experience away from family and familiar surroundings will greatly affect how she feels and how enjoyable the experience will be for her. Readiness in girls is checking where they are when it comes to their emotions, physical ability and skills for living away from a parent/guardian.

Review the chart below. In the right hand column, write down some actions you and the other adults supporting the troop can take to help girls become ready for an overnight troop trip experience.

# Six Steps to Planning a Trip or Overnight Experience

Being Girl Led is one way that Girl Scouting is unique from other organizations. In Girl Scouts, the girls take the lead. They are involved in all aspects of planning, implementing and evaluating their experiences. The adults guide the girls for a successful experience. Below you will find six steps to planning with girls for a day or overnight trip experience.

<table>
<thead>
<tr>
<th>STEPS</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Think ahead.</td>
<td>Check out the Girl Scout Journey books and the Girls’ Guide to Girl Scouting according to the interests of the girls in your troop. Look in <em>Volunteer Essentials</em> and <em>Safety Activity Checkpoints</em> for information on council policies and safety standards. Consider facilities, time of year, cost, and purpose for the trip, and the girls’ experience level.</td>
</tr>
<tr>
<td>2. Get ideas from the girls.</td>
<td>Share some of your research from Step 1 with the girls. Have the girls look into their Girl Scout Journey books and Girls’ Guide to Girl Scouting. Involve them in the planning by asking them some questions. Where do they want to go? What do they want to do? For older girls, you could break out into patrols and have girls brainstorm ideas for the trip. Come back together and compile a master list.</td>
</tr>
<tr>
<td>3. Sift through ideas, decide on a trip and create your plan with the girls.</td>
<td>Prioritize, decide, and come up with a plan for the trip. Assign different planning responsibilities to different patrols—meals, activities, permission forms and transportation, etc. Always have a back-up plan; for example, in case weather forces one activity to be cancelled.</td>
</tr>
<tr>
<td>4. Inform parents, other adults and the Service Unit/GSEP.</td>
<td>Communicate with parents and other adults working with the troop. Be specific in enlisting support-drivers, grocery shoppers, etc. Distribute necessary paperwork (Permission Slips, High-Risk Activity Forms, etc.) Submit a trip application form to your service unit or to GSEP, and apply for additional insurance, if necessary.</td>
</tr>
<tr>
<td>5. Implement and discuss.</td>
<td>Gather your adults, girls, supplies, drivers and go. Help girls to see the advantages of their pre-planning as the trip progresses. Perhaps have a “Plan B” in mind, in the event that things don’t go according to the original plan.</td>
</tr>
<tr>
<td>6. Evaluate during and after the experience.</td>
<td>Review the experience as it is happening. During the activity, ask the girls open-ended questions about what they see, how they feel, what they like so far and so on. At the next meeting, continue to review by asking questions designed to make girls think. What went well? What was your favorite thing? What were the surprises? What could we do better next time? Are we ready to step up to a bigger trip? Do we want to try a different place or a different season of the year?</td>
</tr>
</tbody>
</table>
Sample Planning Calendar

When preparing and planning for a trip, it will take several meetings with the girls before they will be ready to leave for their adventure. Below is a sample calendar that will guide you through six meetings of planning with girls. It may or may not take six weeks to prepare the girls. You will need to be the judge.

<table>
<thead>
<tr>
<th>Meeting #</th>
<th>Meeting Content/Discussion with Girls</th>
<th>Leader Activities*</th>
</tr>
</thead>
</table>
| 1         | **Discuss the trip with girls.**  
  ○ Explain what a troop trip is.  
  ○ Have girls brainstorm where they would like to go and discuss location options with them.  
  ○ Discuss what type of activities they could do on the trip.  
  ○ Discuss what it may cost to go on a trip. Have the girls brainstorm all costs. How will they pay for it?  
  **Discuss the menu with girls.**  
  ○ What would the girls like to eat? Are they experienced with cooking? What would be appropriate? Do you have to consider food allergies?  
  ○ Brainstorm meal ideas and begin to create a menu and a shopping list.  
| 2         | **Discuss activities that the girls want to do.**  
  ○ Begin to make a list of activities and supplies needed. Discuss with girls how they will collect/purchase any supplies.  
  ○ Begin to plan the schedule for the trip.  
  ○ Learn a fun song or Girl Scout grace.  
  **Work on skills.**  
  ○ Discuss trip safety and the buddy system. Randomly pick buddies for each Girl Scout.  
  ○ Practice simple first aid (if age appropriate).  
  ○ Send permission slips home with the girls.  |
| 3         | **Discuss expectation and behavior for the trip.**  
  ○ Create behavior guidelines for the trip experience.  
  ○ Implement a game or have the girls identify items to pack and not to pack.  
  ○ Begin to gather permission slips.  
  **Discuss kapers (chores) and have the girls create their kaper chart.**  
  ○ Review the trip agenda with everyone.  
  ○ Collect permission slips.  
  ○ Answer any questions the girls may have.  |
| 4         | ○ Research the location options.  
  ○ If girls make a decision on where they would like to go, make the site reservations.  
  ○ Begin communication with parents regarding the upcoming trip.  
| 5         | ○ Find out from parents and Health History forms if girls have food allergies.  
  ○ Begin to recruit for adult support, volunteers to help with shopping for supplies (with the girls), drivers to get girls to and from the destination, chaperones, etc.  
  ○ Add to your shopping list and to the budget any supplies needed for activities.  
  ○ Confirm with parents when shopping will take place.  
  ○ Ensure that a certified First-Aid and CPR adult and First-Aid kit is lined up for the trip.  
  ○ Plan the shopping list; make sure your adults are confirmed to help the girls shop.  
  ○ Begin to put your equipment together.  |
| 6         | ○ Create poster board with the guidelines the girls created.  
  ○ Give the girls a list of what to pack and not to pack.  
  ○ Confirm with all adults/drivers and ensure screening process and registration are complete.  
  ○ Ensure you have permission slips and Parent Permission and Health History Forms for all girls/adults.  
  ○ Ensure you have everything needed for what girls planned.  |

*Seniors and Ambassadors are able to do many of these Leader Activities.
Evaluating with Girls

**Asking Good Questions:**
A key process in implementing the Girl Scout Leadership Experience is experiential learning or learning by doing. The trip experience is a perfect environment where girls learn by doing. Asking good questions before, during and after the trip will help you, your girls, and other adults learn from the experience. It teaches girls to be inquisitive and question their own experiences. This will help the girls create meaning and apply it to future experiences. Here are some questions to ask:

- What would you change about our menu, location or activities?
- What was your favorite part of the trip?
- What did you learn from the planning and trip experience?
- What did you see and hear on the trip?
- What did you like and not like?
- What will you do differently next time we go on a trip?

**During the Trip**
As you implement the trip with girls, take some time to ask the girls questions throughout the experience. What does this look like? Here are some suggestions on how to engage the girls in evaluating their experience without them even knowing it is happening.

**Thumbs Up, Thumbs Down**—This is a quick and easy way to gage how the girls feel about the experience. After they have their first meal and they are waiting to start the next activity ask, “How do you think breakfast went? Did we work well together? Thumbs up for yes, Thumbs down for no.” Then ask probing questions based on how the girls rated the experience, “Sally, why do you have a Thumbs down?”

**On a Scale of 1 to 10**—This is another quick and easy way to get the girls evaluating and talking about their experience on their trip. When doing a sit down activity or waiting for the next step to begin, ask the girls to rate from 1-5, 1-10 or 1-100 (you can create the scale) what they think about their lodge camp experience. Tell them 1 = “yuck, the worst experience of my life” and 10 = “this is great, the best experience ever.” You can choose the words for the scale. As they give you a number, ask them to explain why.

**Name One Thing**—As you are wrapping up your first day of your experience or an activity, ask these three questions: “Name one thing you liked about today (or the activity). Name one thing you did not like. Name one thing you would change.” As the girls discuss their one thing, ask them to explain why they liked it or why they would change it.
Evaluating with Girls

After the Trip
The trip is over! The girls and adults had fun. It’s now time to formally evaluate the experience and see how the girls feel about the trip and what they can do to improve the planning and experience the next time.

There are multiple ways to evaluate with the girls. Write down what you hear from them, put it with the paperwork from the trip and pull it out when they are ready to plan another adventure. Here are some ideas to evaluate with girls:

Evaluation Tools
Evaluation takes many forms. As your girls grow, your techniques for evaluation will evolve as well. You will get to know the girls in your troop better and be able to judge which techniques encourage them to share the most.

Bull’s Eye
Draw a large bull’s eye on a piece of newsprint. Have the girls use stickers to gage their feelings about being “on target” or “way off.” For example: Use your bull’s eye as a way to see how the girls feel about their success with the planning trip.

Mural
Place a large sheet of butcher paper on the wall or on a long table. Ask the girls an open-ended question. For example: “Since we have been planning a trip to COSI, what have we learned about planning a trip? Supply paints and markers and have the girls draw pictures and write in response to the question. This activity can be done on a regular basis (weekly, monthly, etc.).

Collage/Picture
Have each girl cut out magazine pictures or draw something in response to a question. This tool works best with a before or after question. For example: Have the girls find or draw a picture about how they felt before they had to plan the trip, while they were on the trip and then after the trip when it was over. Have the girls share their pictures and explain them to the troop.

Don’t forget to share the success of the experience with the parents! Tell them how you saw their daughter succeed and grow while she participated.
Unit 2: Trip Safety
Safety Policies
As Girl Scout activities keep pace with an ever-changing world, ensuring the health and safety of the girls is paramount. Safety is the responsibility of girls and adults alike. When Girl Scouts learn about safety, more activities are within their reach. The two key resources for safety information are Volunteer Essentials and Safety Activity Checkpoints.

Please review Chapter 4 and the Troop Travel Appendix in Volunteer Essentials and Safety Activity Checkpoints on gsep.org for additional safety information beyond the key points outlined in this planning guide.

Trip Safety Preparation
The information outlined on the next few pages will cover some key areas of safety to help the troop get started with planning the trip. Links to all forms are located on pages 23 of this packet.

Every troop must have for their trip:
- A submitted trip application for:
  - Any trip that is outside your regular meeting time/place
  - Any trip that includes a high-risk activity
  - Extended and International Trips
- Parent Permission for Troop Activity Forms and Parent Consent and Health History Forms.
- Proper girl/adult ratios, including the correct number of registered and cleared adults.
- Insurance forms and an Incident/Accident Report Form placed in first-aid kit or readily available.
- Additional Insurance. (If necessary.)
- At least one person certified in First-Aid/CPR in attendance for the duration of the trip. Make sure your First-Aider is among the first to arrive.
- Fully stocked first-aid kit.
- Notification of any medications taken by troop/group members and written permission and instructions for dispensing from the parent/guardian with the First-Aider. See more information in the section on First-Aid.
- Appropriate sleeping arrangements, if the trip is an overnight.
- A designated emergency contact person with a trip roster. (An adult, not on the trip, who is willing to communicate with families and the troop in case of an emergency.)
- Troop Leader ensures that the Volunteer Driver Policy is enforced. Check Volunteer Essentials Chapter 4.

*Tip: Provide drivers with the “Checklist for Drivers” found in VE.

Girl/Adult Ratios

Girl Scouts’ adult-to-girl ratios show the minimum number of adults needed to supervise a specific number of girls. These supervision ratios were devised to ensure the safety and health of girls— for example, if one adult has to respond to an emergency, a second adult is always on hand for the rest of the girls.

In addition to the adult-to-girl ratios, please remember that adult volunteers, and chaperones must be at least 18 years old and registered as an adult member. Volunteer drivers must be 21 years old, and registered & cleared adult members. One lead volunteer in every group must be female.

Sleeping Arrangements

Sleeping Arrangements for Overnights

Always ensure the following:
- Each participant has her own bed.
- Girls and adults do not share a bed.

In an instance where adults need to share a sleeping area with girls (for example: an open space sleeping environment or to support a girl with special needs), there should always be two unrelated adult females present.

Men on Overnights

Men are welcome to attend trip and overnight outings with Girl Scouts and camp at Girl Scouts of Eastern PA sites. However, the following guidelines need to be followed.
- Men do not sleep in the same tent or room with the girls.
- Restroom arrangements must be made as separate facilities for men. Please see ranger.
- Remember that other troops using the property may have male volunteers with them.
First-Aid Policies

- A First-Aider is an adult volunteer who has taken Girl Scout-approved first-aid and CPR training that includes specific instructions for child CPR. Click here for a list of GSUSA approved training providers.
- A First-Aider must be available on all trips and have a first-aid kit along with them at all times.
- Information on first-aid kits and medications can be found in the boxes below and in Volunteer Essentials.
- Emergency procedures can be found in the current Volunteer Essentials.
- An Incident/Accident Report Form should also be in the First-Aid kit for serious emergencies.
- Serious injuries should be reported immediately using the council emergency numbers.

First-Aid Kit
An effective, yet inexpensive first-aid kit can be made by using a container that has a plastic lid. Other good containers are a tackle box or a fanny pack. Contents can be found around the home or purchased at a minimal cost. Troop members can help obtain needed items. Look at the resource list in the appendix for a link to a list of necessary items a first-aid kit should contain.

Medications
Parents or guardians of girls who take prescribed or over-the-counter medications (for example, allergy pills) should inform leaders in advance. Over-the-counter or prescribed medications should be in the original container and administered in the prescribed dosage by or in the presence of the responsible adult as per the written instructions of a custodial parent, guardian or physician. Also, each girl must bring her own sunscreen and non-aerosol insect repellent from home and the girl's name should be clearly marked on the container. Sharing of these items is not permitted as some people have allergic reactions to certain types of sunscreen and insect repellent. The “OTC Prescription Medication Form” is a resource that your troop First-Aider can use to help you manage your troop’s medications.

Emergency Preparation

An emergency contact person(s) is available at the duration of the event or trip. The emergency contact person is an adult who is willing to communicate with families and the troop in case of an emergency. The family of each girl should have the name and phone number of the emergency contact person.

The emergency contact person’s packet should include the following checklist:

<table>
<thead>
<tr>
<th>Names and phone numbers of everyone attending</th>
<th>Phone number of nearest police location</th>
</tr>
</thead>
<tbody>
<tr>
<td>Names and phone numbers of all drivers</td>
<td>Schedule of activities</td>
</tr>
<tr>
<td>Name of, directions and phone number where you are going/staying (hotel, activity site, etc.)</td>
<td>Council emergency number</td>
</tr>
</tbody>
</table>

Emergency Hotline: 215.564.2030 and press 9
A GSEP representative will answer or return your call. Make sure you speak clearly and leave a message with your name and phone number.
High Risk Activities

If your trip includes a high risk activity, this must be indicated on the Parent Permission for Troop Activity form and include a detailed description of the high risk activity.

Certificate of Insurance (COI): COI’s are the proof that a business has insurance to cover accidents. You must obtain a COI from the facility at which you are participating in a high risk activity. Note: You do not need to obtain a COI if you are visiting a GSEP camp. GSEP maintains a list of our approved COIs in the Resources section of our website. This list also includes instructions to submit a Certificate of Insurance for a vendor not already on the approved vendor list. Contracts with a Hold Harmless requirement should be sent to memberservices@gsep.org for Council approval and signature.

When preparing for any activity with girls, always refer to the Safety Guidelines in the Safety Activity Checkpoints on gsep.org.

Additional Insurance

Activity Accident Insurance. Activity accident insurance is a supplemental health insurance that protects registered Girl Scout members. Members are automatically covered under activity accident insurance when participating in all Girl Scout events and activities including trips that involve two or fewer overnights.

Trips that are three overnights or more are not covered under automatic activity accident insurance. Also, international trips and any activity with non-members are not automatically covered. Activity accident insurance must be individually purchased for coverage under these scenarios.

You will need to purchase extra activity accident insurance for outings and events that:
- Involve three or more overnights
- Take place outside U.S. territory
- Include non-members, such as siblings and friends

See the Forms chart on page 23 for more details and links.
Reviewing Safety with the Girls

Health and safety is very important. Prior to your trip, you should brainstorm ideas for a basic set of rules for the group to follow while travelling. Discuss the safety rules and consequences that could result if they are not followed. Use the chart below for some ideas to help get you started. Have the girls give reasons why they think each of these rules are important. Try to relate the safety rules to things that the girls will understand. Example: “Why should we always use the Buddy System?” “If someone gets hurt, there is always someone to go for help.” Have the girls create their own rules to add to the chart.

Extended Trips and International Travel

Extended trips (3 or more nights) and international travel are considered the ultimate travel experience for girls. Travelling internationally can be a wonderful opportunity for girls to gain cultural insight, an appreciation for differences and similarities, and a broadened perspective. As girls mature in Girl Scouts, many consider travel one of the most exciting aspects of their membership.

Because of the riskier nature of these big trips, there are additional considerations that you will need to account for when planning and preparing to leave. This page will give you a basic checklist of information to help you and your girls properly prepare for an extended trip or traveling out of the country. You can find all the detailed information you need in these three resources found at www.girlscouts.org/travel:

1. Exploration, the Girl Scout Guide
2. The Adult Guide to Girl Scout Global Travel
3. The Girl Scout Travel Appendix

All extended and international trips should be approved through your Volunteer Support Specialist. Please contact them as soon as you know you’ll be taking a trip. Your support staff will provide you with the additional policies and forms necessary for your trip. Planning for an international trip should take 18-24 months.

International Travel Guidelines:

- All travelers must be registered Girl Scouts (both girls and adults). There should be a minimum of two registered and background checked adults traveling.
- Activities done abroad should be done as a group. Girls should not participate in any activity without the supervision of the travelling adults.
