# **Our Vision**

At Girl Scouts of Eastern Pennsylvania, we strive to provide camps and programs that build girls' leadership, confidence, independence, and community. Our camps are committed to providing opportunities for girls from all nine counties in our council, creating and connecting a diverse community that helps campers unlock their potential and discover the world, while developing life skills and making memories and friendships that last a lifetime. GSEP girls are G.I.R.L.s (Go-getters, Innovators, Risk-Takers, and Leaders).

# **Our Program Philosophy**

We believe everything that happens at camp is part of the camp experience. Our campers have wonderful adventures. They try new things, build confidence, and make new friends. They also spend time away from their families in a new environment, both through our day camps and overnight at our resident camps. During this time, they learn to be part of a community, to make decisions together, to take responsibility for their actions and their surroundings. They participate in "kapers" to keep camp areas clean and organized, share responsibilities at camp cookouts, and support each other through new challenges.

In our safe and supportive environment, girls become active participants in the learning process.

# Why Camp is Important

A recent survey conducted through the advocacy of our friends at the American Camp Association, of which we are a member organization, finds that camps build necessary skills to prepare campers to assume roles as successful adults. Parents, campers, and camp staff independently reported growth in areas such as self-confidence, independence, making friends, exploring, and learning new activities. Summer camp is not only tremendously fun, but it is vitally important. Here are just a few reasons why:

- At camp, girls get a close-up look at the compassionate leadership practiced by our camp staff. And girls get loads of opportunities to practice being a leader by voicing their feelings, making individual choices, and negotiating group decision-making.
- Campers develop a sense of security and self-confidence that will help them develop a strong sense of self, form healthy relationships, take risks and learn from mistakes.
- Camp embraces the natural environment and allows girls to unplug from their busy lives and experience the outdoors.

# A Note About Safety

Nothing is more important than the emotional and physical safety of our campers. Our programs are designed to allow campers to take healthy risks in a safe and nurturing environment. Our enthusiastic staff receive extensive training before camp and are chosen for their maturity, energy, and ability to be positive role models for your girl. All of our camps have received ACA Accreditation. This year health and safety is at the forefront of our planning. For the summer of 2020, we made the decision to go virtual, and we have used this time to prepare for coming back to in-person camp. In the next few pages you will see an outline for our COVID-19 plan.

# Summer Camp COVID-19 Strategies & Updates

Wow, this year sure has been full of curve balls and changes to our "normal" lives! We miss you! The camp team at GSEP has been working hard to figure out how we can safely open our camps for summer 2021. We are sure that everyone is used to words like "evolving situation" and "new normal" by this point in the year. Camp will need to use phrases like that as well, because while we have put together the safety strategies and guidelines below, we will also be keeping up to date with any additional and evolving changes that are announced by our health experts and advisors, including the Center for Disease Control (CDC), national, state, and local rules and regulations. This is not an all-inclusive listing, as that list would be too long for this guide! Please check our website regularly for the most up to date information www.gsep.org/covid-info-camp.

#### **Group Size**

Campers will be assigned to a cohort of up to 12 campers. The majority of activities, meals, etc. will take place within this cohort. At times a cohort will interact with one other cohort, to be consistent throughout the time that they are at camp.

#### Mask Use

All person entering camp must properly wear a mask, covering their nose and mouth. At times there will be situations for campers and staff to take their masks off.

Day Camp – Masks must be worn whenever travelling through camp, interacting with another cohort, or in an indoor space. Masks may be taken off when outdoors and appropriately socially distanced, when eating or drinking, and during aquatic activities. Of course, if a camper wishes to keep her mask on at times when she is permitted to take her mask off, she is welcome to do so.

Resident Camp – Masks will be worn by all campers and staff when not exclusively with their cohorts.

Masks will be worn at all times during off property trips, where others are present, and on all methods of transportation. The exception to this rule is when participating in aquatic activities. Of course, if a camper wishes to keep her mask on at times when she is permitted to take her mask off, she is welcome to do so.

#### **Health Paperwork and Procedures**

All campers will be required to go through a daily temperature and symptom screening.

**Resident Camp** – All resident campers will be required to complete a temperature and symptom screening for 14 days prior to attending camp.

## **Cleaning Protocols**

Each camp will have dedicated cleaning staff. High touch surfaces will be cleaned regularly throughout the day. Increased cleaning of activity equipment will be done per recommended guidelines.

## **Handwashing Stations**

Handwashing and/or sanitizing stations will be available throughout camp. Time will be built into each schedule for designated hand washing.

#### **Food and Meal Procedures**

Day Camp – All food will be individual, prepackaged or individually portioned by designated staff. Campers will receive a snack each day. Dietary restrictions will be handled on an individual basis by the camp director. Campers will bring their lunches with them to camp and will not be permitted to share food or drinks with anyone. Campers will wash their hands before and after eating their lunch and will eat appropriately socially distanced.

Resident Camp – Each cohort will have a designated table for the duration of their session. Meals will be served at staggered times to reduce cohort interaction and will be served by designated staff. Alternative options will be available at each meal; for example, cereal at breakfast, or salad at lunch or dinner. Contact the camp director with any concerns about dietary restrictions at least two weeks in advance of the start of the camp session. Any time campers eat outside of the Dining Hall either kitchen staff will prepare the food, or individual campers will prepare meals for themselves using individual portions.

## **Drop Off Procedures**

Contact-less temperature screening will take place for all campers upon arrival. If a temperature is 100.4°F or higher, that camper will not be permitted to stay at camp and will need to follow return to camp policies.

Masks must be worn properly, fully covering the mouth and nose, by all parties upon entering camp.

Day Camp – Staff will ask COVID-19 screening questions at each camper's car before directing the camper to their cohort. All parents and non-campers will remain in their vehicles at all times.

Resident Camp – Drop off times will be staggered based on last name of camper. Please see the first page of each camp's section for specific times. Upon arrival, each car will be given a COVID-19 symptom checker sign off for all occupants of the vehicle. It is recommended that only one family member drop off the camper. All paperwork and Trading Post money should be submitted electronically ahead of time, however the Trading Post will still be open for live sales at check-in. After check-in, families will say their good-byes in main camp and campers will join their cohorts.

## **Pick Up Procedures**

Masks must be worn properly, fully covering the mouth and nose, by all parties upon entering camp.

Day Camp – Staff will check parent/guardian ID at their car and staff will sign off for the camper to be picked up.

Resident Camp – Pick up times will be staggered based on last name of camper. Please see the first page of each camp's section for specific times. Upon arrival, each car will be given a COVID-19 symptom checker sign off for all occupants of the vehicle. It is recommended that only one family member pick up the camper. A note card with the remaining funds from Trading Post will be in the camper's end of week paperwork, but not a gift certificate. The Trading Post account will remain open for the camper for the remainder of the summer and a gift certificate will be issued and sent to the camper at the end of the summer. There will be no closing ceremonies or dinner served on Friday.

#### **Housing**

Day camps will not be hosting overnights for summer 2021.

**Tents** – Girls will sleep up to four in a tent in a head to toe position. Up to two cohorts will be assigned per unit, however cohorts will not mix tents.

Cabins/Lodges – Campers will sleep in a head to toe position. One cohort will be assigned per sleeping room, the lodges at Camp Mosey Wood and Camp Shelly Ridge have four sleeping rooms; therefore, up to four cohorts will be sleeping in the same building.

## **Trips and Transportation**

All campers and staff must wear masks at all times during any form of transportation, including, but not limited to, buses to and from camp and buses and vans used for camp trips. Since buses to and from camp will consist of multiple cohorts, capacity will be limited to 50%.

#### **Return to Camp Policy**

If a camper shows symptoms consistent with COVID-19, she will be sent home pending the results of a COVID-19 test. Camper's families are responsible for obtaining a COVID-19 test for their camper. A camper who tests negative for COVID-19 may return to camp after being symptom and fever free for 24-hours, without fever reducing medication. However, a camper who tests positive will only be able to return to camp after 10 days of isolation and their symptoms have resolved. Staff showing symptoms will be isolated from the general camp population and have the same requirements as campers for return.

A healthy camp starts at home and we need you to help keep our camps safe. We highly recommend that campers should not travel to areas recognized by the state of Pennsylvania as high-risk states and follow other state and local recommendations for at least two weeks prior to arriving at camp. GSEP thanks you for being diligent and for your understanding as we work through this together to provide a safe and in-person camp season for our Girl Scouts!

# Parent Testimonials

Amelia Cadette Camper

I like that camp teaches Amelia new things about science, math, and the arts through every day experiences. She experiments (STEM), she cooks (math), and she acts and writes plays (arts) at camp.

Amelia has grown to be more social because of camp, and she is more willing to volunteer and take part in activities outside of her comfort zone. She has also learned to be more adventurous.

What would you say to another family that is considering **Girl Scout camp?** 

It is a wonderful opportunity for your child. She will grow to be independent and self-sufficient, and she will learn to be more caring of others. Most importantly, she'll be with women (directors and staff) who are role models invested in her well-being.

I chose to send my daughter Grace to Girl Scout Camp for one main reason, they were capable of handling her food allergies and other medical related considerations that would otherwise exclude her from participating in other camps. It was reassuring to be able to speak with the Camp Director and Camp Chef. To put me at ease once she started camp, the Camp Director sent me updates to let me know everything was going well.

What would you say to a parent who is thinking about sending their girl to camp?

You should send your Girl Scout to camp. Regardless of any challenges that your Girl Scout might face, rest assured the Camp Directors will make sure you're covered! I am so thankful that she has had this experience and can't wait for her to be able to go again!

Lilly and Ginny
Cadette and Junior Campers

I went to Girl Scout camp as a girl. Every summer I would look forward to my week at overnight camp. I was overjoyed when my girls ended up loving Girl Scouts just as much as I did.

Both my girls came back from camp with some independence. and the confidence to meet new people and try new things.

What would you say to a parent who is thinking about sending their girl to camp?

Take the leap!! Tour the camp, meet the camp director. I never worry about my girls at camp, because I knew they're in good hands.

Aniah Cadette Camper

I choose to send Aniah to GS camp because I wanted her to have new experiences, gain knowledge from others. I also want her to learn leadership skills and have wilderness skills as well.

Every year she comes home with new friends! She's grown to be very independent in so many ways and she is passing this knowledge on to her little sister.

To any parents who are thinking about sending their child to Girl **Scout camp**, I strongly suggest it. They, and you, might be nervous, but I promise they will come home with new friends, including counselors, have so much fun and gain so much knowledge.

**Brownie Camper** 

I could not wait to send my daughter to Girl Scout resident camp. Growing up, some of my best Girl Scout memories took place at resident camp.

Lily came home with a new confidence that kept popping up at the most unexpected moments in the months after camp. She isn't afraid to try new things and go on new adventures and I attribute that confidence to her time at camp.

What would you say to a parent who is thinking about sending their camper to a Girl Scout camp?

Just do it! There were many adults in our life who did not understand why I was sending my 6 year old away to camp but when she came home, there was no doubt that going to camp was the best decision for her!
