

Initial Orders

Troop Cookie Initial Orders have been extended until December 10! Don't forget to place your orders! Even if it is a small order, we encourage you to place one, so your troops have something to start off with! SUCMs will send out information about troop level cookie training and provide all Troop Cookie Managers with a login to ABC Smart Cookies. Troops will not be uploaded into the system unless there are two registered and cleared adults listed as troop leaders. If you are a Troop Cookie Manager, please make sure to place an initial order to ensure your troop will have cookies on hand for the first day of the Cookie Program.

We ask for your patience as we navigate the MYGS system being down for upgrade. We will resume troop uploads to Smart Cookies once the system is back up and running.

Fall Product Program

Shipments are going out the week of December 7th and the person receiving the product will get a tracking number emailed to them.

Booth Lottery Update

We are still actively working on new and inventive but safe booth opportunities for the upcoming Cookie Season.

While we work to secure booth opportunities, the booth lottery in Smart Cookies continues to be empty. We plan to extend the dates of the Cookie Booth Lottery to January 2021 (date TBD) to ensure all troops have equal opportunities to win Cookie Booth time slots while allowing ourselves extra time to confirm booth partnerships in this unique time. We will continue updating you on any progress.

Interested in a Home Delivery? Don't forget to submit your home delivery form, we have extended the deadline to December 4th. New this year, Home Delivery orders have a lower minimum of 300 cases (previously 500). Even if your troop is not yet entered into smart cookies, you can still submit a request for Home Delivery. Find the Home Delivery Form on our website by clicking [HERE](#).
