DO YOU LOVE SCIENCE, TECHNOLOGY, AND MATH?

- Develop leadership skills
- Design and build a Remotely Operated Vehicle (ROV)
- Learn how to convey your engineering ideas and market your ROV
- Learn how to organize and document your new skills in a design notebook
- Work with your peers to encourage better solutions and engineering
- Be part of the local SeaPerch Competition in March 2018

You must have an active Girl Scouts membership – sign up at gsep.org!
Parents are responsible for transportation to and from Shelly Ridge. Parents and girls are required to attend program orientation: **Shelly Ridge Service Center, November 16, 5PM**
