

# More Time for Cookies!

## We love snow, but not during Cookie Season!

Since a lot of cookie booths were snowed out last weekend and the temperatures look downright frigid this coming weekend, we have made the decision to extend the 2026 Cookie Season two weeks, until Sunday, March 22.

While the actual selling part of the Cookie Season is extended for two weeks, we will put out more information on deadlines for closing out recognitions and troop proceeds to volunteers in the coming weeks.

This will help keep all Girl Scouts safe from the elements – AND – give them plenty of time to reach their Cookie Season goals.

We suggest that troops evaluate cookie booths for this coming weekend as the temperatures will be in the teens with another round of snow possible for Sunday.

Think of other ways to connect with customers by using your Digital Cookie social link. You could even print and leave door hangers on your neighbor's doors on Friday when the weather is a little warmer, then deliver the orders over the weekend! Find the door hanger [here](#).

Be safe and warm!

Any questions can be directed to [memberservices@gsep.org](mailto:memberservices@gsep.org), be sure to put Cookies in the subject line.

Have a question? Don't be shy!
